GERALDTON

THE MENOPAUSE CONVERSATION: BEYOND THE HOT FLUSH PART 2

This professional development session brings together a multidisciplinary panel—including a sexologist, physiotherapist, dietitian, and mental health professional—to explore the broader impacts of menopause on women's health and wellbeing.

Designed with allied health professionals in mind, the session will focus on practical, evidence-based approaches to supporting women through midlife, addressing physical, psychological, and lifestyle considerations.

This event is FREE for members of the Midwest-Gascoyne Health Professionals Network – Visit mwhpn.com.au/network to join as a member (membership is free). For more information, please email MWGHPN Regional Program Coordinator Daria Budarina at daria.budarina@ruralhw.com.au
